

## Vismara Design presents its exclusive **Mahjong Table**

The Italian firm is presenting its new flagship product at *Design Shanghai* Exhibition.

---

*Seveso, March 2017* – During *Design Shanghai* exhibition, which is taking place from 8 to 11 March 2017, the traditional Italian firm **Vismara Design** is presenting its latest exclusive creation: the **Mahjong Table**. This is undoubtedly a unique occasion to show its brand new products in the beautiful location of the prestigious *Shanghai Exhibition Centre*.

As a unique reality in Italy, Vismara echoes a new tendency in the grand furniture market, that of the production of gaming tables for private residences. Recent **VIP Entertainment** collection has been appreciated all over the world, offering ad hoc solutions for villas and exclusive apartments.

Vismara products uniqueness is enhanced by the new **Mahjong Table**, the crown jewel of the new collection, where antique Eastern suggestions merge with a fresh and modern style. The Mahjong, a fascinating game of ancient origin, is very popular in China, hence being played by most Asian people.

What makes Vismara Mahjong stand out as a unique piece of furniture is its **complex automatic mechanism**, skillfully hidden inside the table, that enables the player to concentrate on the game itself without thinking about tiles sorting. Its aesthetic has been studied to the last detail: polished **gold steel** sections, a **professional** table mat and lucid **white** and **dove-grey** finishing.

Vismara promise to the Chinese market consists of ensuring **quality, innovation** and **refinement** for each creation; its products will therefore serve as fierce ambassadors of **Italian manufacturing** and its timeless taste.
